About

This is a simple assessment, to see how our Digital Champions **can help you with your Digital Needs.**

We'll **ask some questions** about what you already know and use, what **your interests** are and what **you'd like help with.**

Don't worry, it's quite simple - just **say if you don't know** anything and we'll help you complete it.

We'll also use this assessment tool to see **how we have helped.**
